Docket No.50-005, License No. R-2
USNRC Request for Additional Information (RAI) dated May 6, 2009

Subject: Response to RAI dated May 6, 2009

Dear Mr. Kennedy:

The attachment to this letter answers the questions presented in the RAI dated May 6, 2009. The response and attachments do not contain any sensitive information.

If there are any questions regarding the information submitted, please contact Mr. Mark Trump, Associate Director for Operations at the RSEC. I declare under penalty of perjury that the foregoing is true and correct.

Executed on June 11, 2009.

Sincerely yours,

Kenan Ünlü
Director, Radiation Science and Engineering Center
Professor, Department of Mechanical and Nuclear Engineering

PSU RESPONSE TO NRC REQUEST FOR ADDITIONAL INFORMATION
REGARDING FINANCIAL QUALIFICATIONS FOR THE PENN STATE BREAZEALE
REACTOR LICENSE RENEWAL (TAC NO MC9534)

As required by Title 10 of the Code of Federal Regulations (10 CFR) Section 50.33(f)(2), "[applicants to renew or extend the term of an operating license for a nonpower reactor shall include the financial information that is required in an application for an initial license." To comply with this requirement, please provide the following supplemental information to the Pennsylvania State University (the University, the applicant) request for additional information (RAI) responses dated October 31, 2008:

1. Under 10 CFR 50.33(d), "Contents of applications; general information," certain information is required from the applicant, the University, as applicable. While the University provided some of the information pursuant to 10 CFR 50.33(d), additional information is still required. To comply with the regulation, please update the application to include the following information:

1 (a) In which state is the University incorporated and the principal location where the University does business.

The Pennsylvania State University is incorporated in Pennsylvania. Its principal location of business is in University Park, PA 16802.

1 (b) Names addresses and citizenship of the directors and principal officers.

The names and addresses of the principal officers are attached.

2. The U.S. Nuclear Regulatory Commission (NRC) RAI (3) dated June 16, 2008, requested that the University update the application to 2008 to include:

(1) a current (2008) cost estimate for decommissioning the facility showing costs of labor, waste disposal, other items (such as energy, equipment, and supplies), a contingency factor (normally 25%), and total decommissioning costs in 2008 dollars to meet the NRC's radiological release criteria; (2) a statement of the decommissioning method to be used (e.g., DECON); and (3) a full identification of the specific means of adjusting the cost estimate (e.g., consumer price index, waste burial cost data from NUREG-1307, or labor price index) periodically over the life of the facility and a numerical example updating the 2008 cost estimate.

PSU RESPONSE TO NRC REQUEST FOR ADDITIONAL INFORMATION
REGARDING FINANCIAL QUALIFICATIONS FOR THE PENN STATE BREAZEALE
REACTOR LICENSE RENEWAL (TAC NO MC9534)

In order for the NRC staff to complete its financial qualifications review, the NRC staff still needs the following additional information:

2 (a) A breakdown of costs of labor, waste disposal, and other items (such as energy, equipment, and supplies) in current (2008) dollars.

The decommissioning of the Georgia Institute of Technology's 5 MW research reactor cost \$7,151,464 in 2001 dollars. In house discussions indicated that this was a better, more complete, and more conservative (higher) estimate of PSU's projected decommissioning costs than could be performed using any existent method. Using the U. S. Bureau of Labor Statistics Consumer Price Index (CPI) Calculator, that would be \$8,681,980 in 2008 dollars. Instead of the CPI, Penn State used a more conservative (higher) 5% inflation rate because it was thought this would more accurately reflect the costs associated with decommissioning.

The Georgia Institute of Technology's actual costs included the costs of an outside contractor (labor), waste disposal, consultant support, supplies, and other incidental costs.

2 (b) A statement of the decommissioning method to be used (e.g., DECON or other method).

In order to comply with the Pennsylvania State University's longstanding commitment to the ecology of Pennsylvania this PSU property will be decontaminated to meet the requirements of 10 CFR 20.1402 Radiological criteria for unrestricted use. This does not necessarily imply that the building will be removed, rather that the building and subsurface will be analyzed and characterized so that the site meets this criterion and is approved for release for unrestricted use. At the time decommissioning begins, Penn State will determine the best computer codes and instrumentation for this particular situation.

2 (c) A justification of the use of 5 percent inflation factor as the specific means of adjusting the cost estimate periodically over the life of the facility (e.g., independent study, consumer price index long-term historical data, etc.).

Since 2001 the average consumer price index has averaged about 2.85%. As stated above, it was thought that a 5% inflation rate would more accurately reflect the costs associated with this type of project.

PSU RESPONSE TO NRC REQUEST FOR ADDITIONAL INFORMATION
REGARDING FINANCIAL QUALIFICATIONS FOR THE PENN STATE BREAZEALE
REACTOR LICENSE RENEWAL (TAC NO MC9534)

2 (d) A numerical example showing how previous cost estimates were updated to arrive at the 2008 decommissioning cost estimate.

\$7,141,464	x 1.0285 ^ 7years =	\$ 8,689,389	at 2.85% CPI
\$7,141,464	x 1.05 ^ 7 years =	\$10,048,104	at assumed 5% per year
Contingency funds 25% =		\$ 2,512,026	
Total	=	\$12,560,130	

3. The application states that the University is using a self-guarantee to fund and carry out its decommissioning activities. For renewal of the PSBR license, please provide the following additional information as a supplement to the RAI responses submitted by the University on October 31, 2008, for the NRC staff's review:

3 (a) Provide the Auditor's Special Report confirming the Chief Executive Officer (CEO) or Chief Financial Officer (CFO) letter and reconciling amounts in the CEO or CFO letter with the University's financial statements (refer to A.14.11 of NUREG-1757, Vol. 3, "Consolidated NMSS Decommissioning Guidance," for the model of the Auditor's Special Report).

The requested Auditor's Special Report is not yet available for the fiscal year. The report will be forwarded under separate cover with reference to this request as soon as it available.

3 (b) Provide the facility's address for which the guarantee provides financial assurance within the letter submitted by the Corporate Controller, and the Self-Guarantee Agreement (the NRC staff notes that this was provided within the Self-Guarantee Agreement dated December 11, 2006).

See attached Certification of Financial Assurance from the Corporate Controller and the attached Self-Guarantee Agreement

3(c) Documentation that the signator of the Self-Guarantee Agreement (e.g., Corporate Controller), if not the CEO or CFO, has the authority to bind the University in the self-guarantee.

See attached documentation stating those individuals who have authority to bind the University.

PSU RESPONSE TO NRC REQUEST FOR ADDITIONAL INFORMATION
REGARDING FINANCIAL QUALIFICATIONS FOR THE PENN STATE BREAZEALE
REACTOR LICENSE RENEWAL (TAC NO MC9534)

3(d) The correct period that the guarantor agrees to submit financial statements and financial test data (refer to Section II.C.3 of Appendix E to 10 CFR Part 30 for Recital 8 regarding such time period).

If PSU no longer meets the requirements of Section I of appendix E to Part 30, self guarantee, PSU will provide notice within 90 days after the year end financial data is available.

3(e) The relevant page(s) of the Self-Guarantee Agreement that includes the signature of a witness or notary (the NRC staff notes that the required signatures were provided within Self-Guarantee Agreement dated December 11, 2006).

See last page of the attached Self-Guarantee Agreement

Re: **Certification of Financial Assurance**
License number: R-2
Address: Radiation Science and Engineering Center
The Pennsylvania State University, University Park, PA
University Park, PA 16802

Dear Mr. Kennedy,

I am the Corporate Controller of the Pennsylvania State University located at 408 Old Main, University Park, PA 16802, a non-profit University. This letter is in support of the University's use of the self-guarantee financial test to demonstrate financial assurance, as specified in 10 CFR 50. The University has no parent company.

The University guarantees, through the self-guarantee submitted to demonstrate compliance under 10 CFR Part 50 the decommissioning of the facilities and license listed below that are owned or operated by the University. The current cost estimates or certified amounts for decommissioning, so guaranteed, are shown for each facility:

I certify that The Pennsylvania State University is licensed to possess the following types of radioactive material as described in the licenses listed below:

License Description	License description	Estimate based on 2001 dollars	Certified Amount and Current Cost Estimate (5% per year increase)
License # R-2 And Docket # 050 - 0005	Research and test reactor and related facilities located at the Radiation Science and Engineering Center, University Park, PA 16802	\$7,141,464	\$10,048,757
	Subtotal		\$10,048,757
	25% contingency fund		\$2,512,189
Total Estimated Costs:			\$12,560,946

I hereby certify that the University is currently a going concern, and that it possesses positive tangible net worth in the amount of \$4,589,454,000 at June 30, 2008.

The fiscal year of the University ends on June 30.

The University is not required to file a Form 10-K with the U. S. Securities and Exchange Commission for the latest fiscal year.

The University satisfies the following self-guarantee test from 10 CFR 30 Appendix E:

- The current bond rating of most recent uninsured, uncollateralized, and unencumbered issuance of this institution is **Aa2**
- Name of Rating Service: **Moody's Investors Service**
- Date of issuance of bond: **June 1, 2009**
- Date of final maturity of bond: **June 1, 2031**

I hereby certify that the content of this letter is true and correct to the best of my knowledge.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joseph J. Doncsecz".

The Pennsylvania State University

Financial Assurance for Cost of Decommissioning Activities

Self-Guarantee Agreement

Guarantee made by The Pennsylvania State University, a nonprofit University, organized under the laws of the Commonwealth of Pennsylvania, herein referred to as "guarantor," to the U. S. Nuclear Regulatory Commission, on behalf of the University as licensee.

Recitals

1. The guarantor has full authority and capacity to enter into this self-guarantee by the bylaws of the Trustees of the Pennsylvania State University.
2. This self-guarantee is being issued to comply with regulations issued by NRC, an agency of the U. S. Government, pursuant to the Atomic Energy Act of 1954, as amended, and the Energy Reorganization Act of 1974. NRC has promulgated regulations in Title 10, Chapter I of the *Code of Federal Regulations*, Parts 50 and 70, which require that a holder of, or an applicant for, a materials license issued pursuant to 10 CFR Parts 50 and 70 provide assurance that funds will be available when needed for required decommissioning activities.
3. The self-guarantee is issued to provide financial assurance for decommissioning activities for the licenses and facilities shown.

License # and Docket #	License Description	Estimate based on year 2001 dollars	Certified Amounts or 2008 Cost Estimates (5% per year increase)
R-2 050-0005	Research and test reactor and related facilities located at the Radiation Science and Engineering Center, University Park, PA 16802	\$7,141,464	\$10,048,757
		Sub total	\$10,048,757
	25% contingency fund		\$2,512,189
	Total Estimated Costs:		\$12,560,946

4. The guarantor meets or exceeds the following financial test criteria for a nonprofit University that issues bonds. Specifically, the current rating for our most recent uninsured, uncollateralized, and unencumbered bond issuance was Aa2 as issued by Moody's Investors Service, and agrees to comply with all notification requirements as specified in 10 CFR Part 50, and Appendix A to 10 CFR Part 30

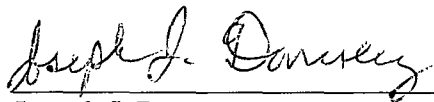

5. The guarantor does not have a parent company holding majority control of its voting stock.
6. Decommissioning activities as used below refer to the activities required by 10 CFR Part 50 for decommissioning of the facilities identified above.
7. Pursuant to the guarantor's authority to enter into this guarantee, the guarantor guarantees to the NRC that the guarantor shall:
 - (a) carry out the required decommissioning activities, as required by the licenses listed above.
8. The guarantor agrees to submit revised financial statements, financial test data annually within 90 days of the completion of our fiscal year-end audit.
9. The guarantor agrees that if, at the end of any fiscal year before termination of this self-guarantee, it fails to meet the self-guarantee financial test criteria, it shall send within 90 days of the end of the fiscal year, by certified mail, notice to the NRC that it intends to provide alternative financial assurance as specified in 10 CFR Part 30. Within 120 days after the end of the fiscal year, the guarantor shall establish such financial assurance.
10. *{deleted}*
11. The guarantor agrees that if it determines, at any time other than as described in Recital 9, that it no longer meets the self-guarantee financial test criteria or it is disallowed from continuing as a self-guarantor, it shall establish alternative financial assurance as specified in 10 CFR Parts 50 within 30 days.
12. The guarantor, as well as its successors and assigns and agrees to remain bound jointly and severally under this guarantee notwithstanding any or all of the following: amendment or modification of the license or NRC-approved decommissioning funding plan for that facility, the extension or reduction of the time of performance of required activities, or any other modification or alteration of an obligation of the licensee pursuant to 10 CFR Parts 50 and 70.
13. The guarantor agrees that it shall be liable for all litigation costs incurred by the NRC in any successful effort to enforce the agreement against the guarantor.
14. The guarantor agrees to remain bound under this self-guarantee for as long as it, as licensee, must comply with the applicable financial assurance requirements of 10 CFR Part 50, for the previously listed facilities, except that the guarantor may cancel this self-guarantee by sending notice by certified mail to the NRC, such cancellation to become effective not before an alternative financial assurance mechanism has been put in place by the guarantor.

15. The guarantor agrees that if it, as licensee, fails to provide alternative financial assurance as specified in 10 CFR Parts 50 and 70 and obtain written approval of such assurance from the NRC within 90 days after a notice of cancellation by the guarantor is received by the NRC from the guarantor, the guarantor shall make full payment under the self-guarantee.
16. The guarantor expressly waives notice of acceptance of this self-guarantee by the NRC. The guarantor also expressly waives notice of amendments or modifications of the decommissioning requirements.
17. If the guarantor files financial reports with the U.S. Securities and Exchange Commission, then it shall promptly submit them to its independent auditor and to NRC during each year in which this self guarantee is in effect.
18. The guarantor agrees that if, at any time before termination of this self-guarantee, its most recent bond issuance ceases to be rated in the category of "A" or above by either Standard & Poor's or Moody's, it shall provide notice in writing of such fact to NRC within 20 days after publication of the change by the rating service.

I hereby certify that this self-guarantee is true and correct to the best of my knowledge.

Dr. Graham Spanier, President
The Pennsylvania State University

Dear Dr. Spanier:

The audited consolidated financial statements of The Pennsylvania State University and subsidiaries (the "University") for the fiscal year ended June 30, 2008 are presented on the accompanying pages. These financial statements represent a complete and permanent record of the finances of the University for the year.

These financial statements have been examined by Deloitte & Touche LLP, Certified Public Accountants of Philadelphia, Pennsylvania, and their report has been made a part of this record.

Respectfully submitted,

Joseph J. Doncsecz
Corporate Controller

Albert G. Horvath
Vice President for Finance & Business

Gary C. Schultz
Senior Vice President for Finance & Business/Treasurer

INDEPENDENT AUDITORS' REPORT

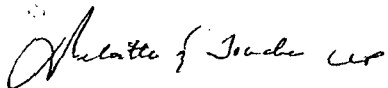

To the Board of Trustees of The Pennsylvania State University
University Park, Pennsylvania

We have audited the accompanying consolidated statements of financial position of The Pennsylvania State University and subsidiaries (the "University") as of June 30, 2008 and 2007, and the related consolidated statements of activities and cash flows for the years then ended. These consolidated financial statements are the responsibility of the management of the University. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 9 to the consolidated financial statements, during the year ended June 30, 2007, the University adopted Statement of Financial Accounting Standards ("SFAS") No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans".

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of the University as of June 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

THE PENNSYLVANIA STATE UNIVERSITY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2008 AND 2007

1. THE UNIVERSITY AND RELATED ENTITIES

The Pennsylvania State University ("the University"), which was created as an instrumentality of the Commonwealth of Pennsylvania, is organized as a non-profit corporation under the laws of the Commonwealth. As Pennsylvania's land grant university, the University is committed to improving the lives of the people of Pennsylvania, the nation and the world through its integrated, tri-part mission of high-quality teaching, research and outreach.

The financial statements of the University include, on a consolidated basis, the financial statements of The Milton S. Hershey Medical Center ("TMSHMC"), a not-for-profit corporation, (see Note 10 for additional information about TMSHMC) and The Corporation for Penn State and its subsidiaries ("the Corporation"). The Corporation is a non-profit member corporation organized in 1985 for the exclusive purpose of benefiting and promoting the interests of the University, the Corporation's sole member. The Corporation's assets and revenues consist primarily of the assets and revenues of The Pennsylvania College of Technology ("Penn College"), a wholly-owned subsidiary of the Corporation. All material transactions between the University, TMSHMC and the Corporation have been eliminated.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the University, as summarized below, are in accordance with the recommendations for accounting and reporting included in the Audit and Accounting Guide for Not-for-Profit Organizations issued by the American Institute of Certified Public Accountants.

Basis of Presentation

The University's financial statements include statements of financial position, statements of activities and statements of cash flows. Net assets and the changes in net assets are classified as permanently restricted, temporarily restricted or unrestricted.

Permanently restricted net assets consist primarily of the historical amounts of endowed gifts. Additionally, contributions receivable and remainder interests, which are required by donors to be permanently retained, are included at their estimated present values.

Temporarily restricted net assets consist primarily of contributions receivable and accumulated endowment gains which can be expended, but for which restrictions have not yet been met. Such restrictions include time restrictions imposed by donors or implied by the nature of the gift or by interpretations of law.

Unrestricted net assets are all the remaining net assets of the University.

As permitted, donor-restricted gifts that are received and either spent or deemed spent within the same year are reported as unrestricted revenue. Gifts of long-lived assets are reported as unrestricted revenue. Gifts specified for the acquisition or construction of long-lived assets are reported as unrestricted net assets when the assets are placed in service.

The University maintains various funds and accounts, including endowments, funds functioning as endowments, departmental funds and related accumulated gains, in accordance with the principles of "fund accounting." This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives. Separate accounts are maintained for each fund. Gifts are recorded in funds and investment income is distributed to

funds throughout the year. Income distributed to funds may be a combination of capital appreciation and earnings pursuant to the University's total return investment policy.

Basis of Accounting

The financial statements of the University have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts on the financial statements and the disclosure of contingencies and commitments. Actual results could differ from those estimates.

Revenue Recognition

Tuition revenue is recognized in the fiscal year in which the substantial portion of the educational term occurs. Revenues for auxiliary enterprises are recognized as the related goods and services are delivered and rendered. Grant revenues are recognized as the eligible grant activities are conducted. Payments received in advance for tuition, goods and services are deferred.

Unconditional contributions receivable are recognized when received and consist of written or oral promises to contribute to the University in the future. Contributions receivable are recorded with the revenue assigned to the appropriate category of restriction. Contributions receivable are recorded after discounting to the present value of the future cash flows.

TMSHMC has agreements with third-party payors that provide for payments to TMSHMC at amounts different from its established rates. Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined or such estimates change.

TMSHMC provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates.

Fair Value of Financial Instruments

The University has provided fair value estimates for certain financial instruments in the notes to the financial statements. Fair value information presented in the financial statements is based on information available at June 30, 2008 and 2007. The carrying amounts of cash and cash equivalents, accounts receivable and accounts payable are reasonable estimates of their fair value. The carrying values of the amounts of the University's loans to students are also reasonable estimates of their fair value, as the total outstanding loans to students as of June 30, 2008 and 2007 have been made at the rates available to students for similar loans at such times. The fair value of investments is disclosed in Note 3. The fair value of the University's bonds payable is disclosed in Note 6.

Cash Flows

The following items are included as supplemental disclosure to the statements of cash flows for the years ended June 30:

	<u>2008</u>	<u>2007</u>
Interest paid	\$ 37,583,000	\$ 33,932,000
Non-cash acquisitions of land, buildings and equipment	27,651,000	3,969,000
Non-cash construction costs/deferred lease obligation at TMSHMC	-	31,324,000

The University defines cash and cash equivalents based on the primary purpose of the investment portfolio that holds the investment. Due to the investment strategies of portfolio managers, there is \$78,229,000 and \$59,978,000 of cash and cash equivalents held in operating investment portfolios at June 30, 2008 and 2007, respectively. These assets have been separately identified as cash and cash equivalents in the statements of financial position.

Inventories

Inventories are stated at cost, generally on the first-in, first-out basis, which is lower than market.

Investments

The University's investments are reported at fair market value in the accompanying financial statements. Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair values with gains and losses included in the consolidated statements of activities. The University records derivative securities at market value with changes in market value reflected in the consolidated statements of activities.

The estimated fair value amounts for marketable debt and equity securities held by the University have been reviewed by the University and determined using available market information as supplied by the various financial institutions that act as trustees or custodians for the University. For non-liquid holdings, generally investments in real estate, venture capital and energy limited partnerships, estimated fair value is determined based upon financial information provided by the limited partnerships. This financial information includes assumptions and methods that were reviewed by University management. The University believes that the estimated fair value is a reasonable estimate of market value as of June 30, 2008 and 2007. Because the limited partnerships are not readily marketable, the estimated value is subject to uncertainty and, therefore, may differ from the value that would have been used had a ready market existed, and such differences could be material.

Beneficial Interest in Perpetual Trusts

The University receives endowment income from investments of \$13,673,000 and \$17,078,000 held by outside trustees at June 30, 2008 and 2007, respectively. The present value of expected future cash flows to the University from such investments has been recorded as permanently restricted net assets and related beneficial interest in perpetual trusts in the financial statements.

Investment in Plant

Fixed assets, including collections, are stated at cost or fair market value at date of gift. Depreciation is computed over the estimated economic lives of the assets using the straight-line method. Total investment in plant as of June 30 is comprised of the following:

	<u>2008</u>	<u>2007</u>
Land	\$ 91,506,000	\$ 90,930,000
Buildings	3,472,408,000	3,197,891,000
Improvements other than buildings	445,576,000	422,692,000
Equipment	<u>844,274,000</u>	<u>805,238,000</u>
Total plant	4,853,764,000	4,516,751,000
Less accumulated depreciation	<u>(2,121,020,000)</u>	<u>(1,963,816,000)</u>
Total investment in plant, net	<u>\$ 2,732,744,000</u>	<u>\$ 2,552,935,000</u>

Asset Retirement Obligation

Effective June 30, 2006, the University adopted Financial Accounting Standards Board ("FASB") Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* ("FIN 47"). FIN 47 provides an interpretation of Statement of Financial Accounting Standard ("SFAS") No. 143, *Accounting for Retirement Obligations*, by clarifying that conditional asset retirement obligations meet the definition of a liability even though uncertainty may exist about the timing or method of settlement. Under the provisions of FIN 47, the University is obligated to record a liability for conditional asset retirement obligations. The University performed an analysis of such obligations and determined that asbestos abatement costs represented the University's primary source of such liabilities. The University reviewed all facilities and determined the timing, method and cost of asbestos abatement using a variety of assumptions and estimates. Conditional asset retirement obligations of \$46,085,000 and \$44,248,000 are included in other noncurrent liabilities in the consolidated statement of financial position at June 30, 2008 and 2007, respectively.

Accounting Pronouncements

For the year ended June 30, 2008, the University implemented FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an interpretation of FASB Statement No. 109* ("FIN 48"). FIN 48 prescribes the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity, before being measured and recognized in the financial statements. The adoption of FIN 48 did not have a material impact on the University's financial statements. The University files U.S. federal tax returns. No returns are currently under examination. The statute of limitations on the University's U.S. federal information returns remain open for three years following the year they are filed.

In September 2006, the FASB issued SFAS 157, *Fair Value Measurements* ("SFAS 157"). SFAS 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. In February 2008, the FASB issued FASB Staff Position ("FSP") 157-2, *Effective Date of FASB Statement No. 157* which delays the effective date of SFAS 157 for nonfinancial assets and nonfinancial liabilities, except those that are recognized or disclosed at fair value on a recurring basis, at least annually, until fiscal years beginning after November 15, 2008. SFAS 157 is effective for the University in 2009. University management is currently evaluating the impact of SFAS 157.

In February 2007, SFAS 159, *Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement 115* ("SFAS 159") was issued. SFAS 159, which extends the availability of the fair value option to assets and liabilities, is effective for the University in 2009. The University does not expect the adoption of SFAS 159 to have a material impact on its financial position or results of operations.

In August 2008, the FASB issued FASB Staff Position (FSP) FAS 117-1, *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), and Enhanced Disclosures for All Endowment Funds*. The FSP provides guidance on the net asset classification of donor-restricted funds for a not-for-profit organization that is subject to an enacted version of UPMIFA of 2006. UPMIFA is a model act approved by the Uniform Law Commission that serves as a guideline for states to use in enacting legislation. This FSP also improves disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds), whether or not the organization is subject to UPMIFA. The FSP is effective for the University in 2009. University management is currently evaluating the impact of the FSP.

Reclassifications

Certain 2007 amounts related to private gifts, grants and contracts of \$310,833,000 have been reclassified to conform with 2008 presentation of private grants and contracts of \$136,130,000 and gifts and pledges of \$174,703,000 within the consolidated statement of activities.

3. INVESTMENTS

Investments by major category as of June 30 are summarized as follows:

	<u>2008</u>	<u>2007</u>
Money markets	\$ 178,084,000	\$ 297,898,000
Fixed income:		
U.S. government/agency	525,362,000	397,180,000
U.S. corporate	601,413,000	358,782,000
Foreign	129,624,000	76,227,000
Other	621,133,000	679,145,000
Equities	856,545,000	1,002,935,000
Private capital	530,714,000	550,273,000
Investments held under securities lending program	<u>265,725,000</u>	<u>309,682,000</u>
Total	<u>\$3,708,600,000</u>	<u>\$3,672,122,000</u>

Other fixed income investments consist of collateralized mortgage obligations, mortgage-backed securities, asset-backed securities and municipal bonds. Equity investments are comprised of domestic and foreign common stocks. Private capital consists primarily of interests in real estate, private equity, venture capital, energy and hedge fund limited partnerships. Certain 2007 amounts classified as other fixed income investments totaling \$69,168,000 have been reclassified as private capital to conform with 2008 presentation of these investment categories.

The following schedule summarizes the investment return and its classification in the consolidated statement of activities for the year ended June 30, 2008:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Dividends and interest	\$ 98,359,000	\$ 6,907,000	\$ 9,619,000	\$ 114,885,000
Net realized gains, including endowment spending	57,189,000	21,238,000	29,000	78,456,000
Net unrealized losses	(94,696,000)	(119,622,000)	-	(214,318,000)
Total returns	<u>\$ 60,852,000</u>	<u>\$ (91,477,000)</u>	<u>\$ 9,648,000</u>	<u>\$ (20,977,000)</u>

The following schedule summarizes the investment return and its classification in the consolidated statement of activities for the year ended June 30, 2007:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total</u>
Dividends and interest	\$ 130,700,000	\$ 4,243,000	\$ 10,625,000	\$ 145,568,000
Net realized gains, including endowment spending	38,690,000	53,757,000	-	92,447,000
Net unrealized gains	74,751,000	117,327,000	-	192,078,000
Total returns	<u>\$ 244,141,000</u>	<u>\$ 175,327,000</u>	<u>\$ 10,625,000</u>	<u>\$ 430,093,000</u>

In the management of investments, the University authorizes certain of its investment managers to purchase derivative securities to attain a desired market position; and the University may directly invest in derivative securities to attain a desired market position. The University does not trade or issue derivative financial instruments other than through the investment management practices noted above. Gains and losses from derivative instruments are reported in the consolidated statements of activities. Futures contracts, which are fully cash collateralized, are marked to market daily and are included in the carrying value of the University's investments. The market value of all derivative instruments is included in the market value of the University's investments. Futures contracts have minimal credit risk because the counterparties are the exchanges themselves. Fully cash collateralized derivative securities comprised approximately 2.8% of total investments at June 30, 2008. The University directly held no derivative securities at June 30, 2007.

Through an agreement with its primary investment custodian, the University participates in lending securities to brokers. Collateral is generally limited to cash, government securities, and irrevocable letters of credit. Both the investment custodian and the security borrowers have the right to terminate a specific loan of securities at any time. The University receives lending fees and continues to earn interest and dividends on the loaned securities. At June 30, 2008 and 2007, the University held \$265,725,000 and \$309,682,000, respectively, of cash and cash equivalents as collateral deposits for the securities lending program. The collateral is included as an asset and the obligation to return such collateral is presented as a liability in the consolidated statements of financial position. The securities on loan had an estimated fair value of \$261,096,000 and \$303,370,000 at June 30, 2008 and 2007, respectively.

4. POOLED ASSETS

The University uses a "total return" approach to endowment fund investment management. This approach emphasizes total investment return (current income plus or minus realized and unrealized capital gains and losses) as the basis for endowment spending. The University has implemented an endowment income spending policy whereby a predetermined amount is paid out each fiscal year based upon a prescribed formula in accordance with Pennsylvania statutes.

Investments aggregating \$1,522,988,000 and \$1,587,197,000 at June 30, 2008 and 2007, respectively, for certain endowment funds and funds functioning as endowments are pooled on a market value basis, with each individual fund subscribing to or disposing of units on the basis of the market value per unit at the beginning of the month when the transaction takes place.

The following schedule summarizes certain information about pooled assets on a per unit basis as of June 30:

	<u>2008</u>	<u>2007</u>
Market value per unit	\$ 30.63	\$ 32.57
Annual net gains/(losses) per unit	\$ (1.94)	\$ 4.29
Average annual earnings per unit, exclusive of gains and losses	\$ 0.81	\$ 1.42

5. CONTRIBUTIONS RECEIVABLE

Contributions receivable are summarized as follows as of June 30:

	<u>2008</u>	<u>2007</u>
In one year or less	\$ 51,814,000	\$ 52,568,000
Between one year and five years	67,557,000	64,024,000
More than five years	<u>89,864,000</u>	<u>76,511,000</u>
	209,235,000	193,103,000
Less allowance	(10,578,000)	(9,459,000)
Less discount	<u>(52,958,000)</u>	<u>(49,325,000)</u>
Contributions receivable, net	<u>\$ 145,699,000</u>	<u>\$ 134,319,000</u>

At June 30, 2008 and 2007, the University has received bequest intentions and certain other conditional promises to give of \$31,328,000 and \$30,748,000, respectively. These intentions and conditional promises to give are not included in the consolidated financial statements.

6. LONG-TERM DEBT

The various bond issues, note payable and capital lease obligations that are included in long-term debt in the statements of financial position consist of the following:

	<u>2008</u>	<u>2007</u>
<u>The Pennsylvania State University Bonds</u>		
Series 2008A	\$ 77,670,000	\$ -
Series 2008B	8,310,000	-
Series 2007A	90,570,000	90,570,000
Series 2007B	76,120,000	80,025,000
Series 2005	94,885,000	96,555,000
Series 2004A	58,845,000	59,930,000
Refunding Series 2003	24,350,000	26,260,000

The Pennsylvania State University Bonds

- Series 2008A and 2008B – general obligation bonds issued in April 2008 for the purpose of funding various construction and renovation projects and for the current refunding of the Series 1997B Bonds, which previously refunded the Series 1992B Bonds. The University, in conjunction with the issuance of the Series 2008B bonds, legally defeased the Series B of 1997 Bonds, with an outstanding principal of \$8,105,000, by irrevocably depositing \$8,364,000 in an escrow fund to be used to pay the interest accrued, maturing principal on and the redemption price of the refunded bonds. As a result of the current refunding transaction, amounts related to the Series 1997B Bonds have been removed from the University's June 30, 2008 statement of financial position. Principal payments on the Series 2008A and 2008B bonds are due annually, in amounts ranging from \$830,000 to \$7,695,000 through August 2029. The bonds pay interest at rates ranging from 3.00% to 5.00%. The 2008A Bonds are subject to early redemption provisions, at the option of the University, beginning February 2018.
- Series 2007A and 2007B – general obligation bonds issued in January 2007 for the purpose of funding various construction and renovation projects and for the advance refunding of the Series 1997A Bonds. The University, in conjunction with the issuance of the Series 2007B bonds, legally defeased the Series A of 1997 Bonds, with an outstanding principal of \$84,540,000, by irrevocably depositing \$88,341,000 in an escrow fund to be used to pay the interest accrued, maturing principal on and the redemption price of the refunded bonds. As a result of the advance refunding transaction, amounts related to the Series 1997A Bonds were removed from the University's June 30, 2007 statement of financial position. Principal payments on the Series 2007A and 2007B bonds are due annually, in amounts ranging from \$2,770,000 to \$5,955,000 through August 2027, with additional payments of \$11,115,000 due August 2028 and \$70,905,000 due August 2036. The bonds pay interest at rates ranging from 3.55% to 5.25% and are subject to sinking fund redemption beginning August 2023 and early redemption provisions, at the option of the University, beginning August 2016.
- Series 2005 – general obligation bonds issued in January 2005 for the purpose of funding various construction projects. Principal payments are due annually in amounts ranging from \$1,720,000 to \$2,745,000 through September 2019, with additional payments of \$15,990,000, \$20,550,000 and \$32,485,000 due September 2024, 2029 and 2034, respectively. The bonds pay interest at rates ranging from 3.00% to 5.00% and are subject to sinking fund redemption beginning September 2020 and early redemption provisions, at the option of the University, beginning September 2015.
- Series 2004A – general obligation bonds issued in April 2004 for the purpose of funding various construction projects. Principal payments are due annually in amounts ranging from \$1,115,000 to \$1,825,000 through September 2019, with additional payments of \$10,625,000, \$13,635,000 and \$17,515,000 due September 2024, 2029 and 2034, respectively. The bonds pay interest at rates ranging from 3.00% to 5.00% and are subject to sinking fund redemption beginning September 2020 and early redemption provisions, at the option of the University, beginning September 2014.
- Refunding Series 2003 – general obligation bonds issued in March 2003 for the purpose of refunding the Refunding Series 1993A and to pay costs associated with issuing the 2003 Refunding Bonds. Principal payments are due annually in amounts ranging from \$1,995,000 to \$2,970,000 through March 2018. The bonds pay interest at rates ranging from 3.25% to 5.25% and are subject to early redemption provisions, at the option of the University, beginning March 2013.
- Series of 2002 and Series A of 2001 – general obligation bonds issued in May 2002 for the purpose of funding a portion of the costs of the acquisition, construction, equipping, renovation and improvement of certain facilities of the University and April 2001 for the purpose of funding various construction projects, respectively. The bonds are currently paying interest on a variable rate basis; however, the University has the option to convert to another variable rate or to a fixed rate basis (such rates are generally determined on a market basis). The bonds currently pay interest at 1.51% with adjustment on a weekly basis to the rate the remarketing agent believes will cause the bonds to have a market value equal to the principal amount up to a maximum of 12%. The bondholders have the right to tender bonds at interest rate reset dates. The University, therefore, entered into standby bond purchase agreements with banks to provide liquidity in case of tender. The principal amount of the Series of 2002 bonds is due March 2032; and the principal amount of the Series A of 2001 is due

April 2031. The bonds are not subject to sinking fund redemption; however, the University has the option to redeem the bonds prior to their scheduled maturity.

- Refunding Series 2002 – general obligation bonds issued in May 2002 for the purpose of refunding the Second Refunding 1992A Series (such bonds were previously issued to refund the Second Refunding 1988 Series, 1989 Series and 1991 Series Bonds). Principal payments are due annually, in amounts ranging from \$4,585,000 to \$16,540,000 through August 2016. The bonds pay interest at rates ranging from 4.79% to 5.25%. The bonds are not subject to redemption prior to maturity.
- Refunding Series 2001 – general obligation bonds issued in December 2001 for the purpose of refunding the Refunding Series 1992 Bonds (such bonds were previously issued to refund the 1986 Series and the First Refunding Series of 1988 Bonds). Principal payments are due annually, in amounts ranging from \$8,425,000 to \$9,290,000 through March 2011. The bonds pay interest at rates ranging from 5.00% to 5.25%. The bonds are not subject to redemption prior to maturity.

Pennsylvania Higher Educational Facilities Authority University Revenue Bonds (issued for The Pennsylvania State University)

- Series 2006 – Pennsylvania Higher Educational Facilities Authority (PHEFA) University Revenue Bonds issued by the Pennsylvania State University in April 2006 for the purpose of funding the costs of sprinkler system installation and repairs in certain of the University's dormitories during the period 2006-2008, related design costs and payment of issuance costs. Principal payments are due annually in amounts ranging from \$175,000 to \$280,000 through September 2020, with an additional payment of \$1,610,000 due September 2025. The bonds pay interest at rates ranging from 3.65% to 5.125%, with PHEFA subsidizing the annual interest cost to the University for interest rates greater than 3.00%. The bonds are subject to sinking fund redemption beginning September 2021 and early redemption provisions, at the option of the University, beginning September 2016.
- Series 2004 – Pennsylvania Higher Educational Facilities Authority University Revenue Bonds issued by the Pennsylvania State University in May 2004 for the purpose of funding the costs of sprinkler system installation and repairs in certain of the University's dormitories during 2004-2005. Principal payments are due annually in amounts ranging from \$205,000 to \$325,000 through September 2019, with an additional payment of \$1,905,000 due September 2024. The bonds pay interest at rates ranging from 3.10% to 5.00%, with PHEFA subsidizing the annual interest cost to the University for interest rates greater than 3.00%. The bonds are subject to sinking fund redemption beginning September 2020 and early redemption provisions, at the option of the University, beginning September 2014.
- Series 2002 – Pennsylvania Higher Educational Facilities Authority University Revenue Bonds issued by the Pennsylvania State University in June 2002 for the purpose of funding the costs of sprinkler system installation and repairs in certain of the University's dormitories during the period 2002 through 2004. Principal payments are due annually in amounts ranging from \$305,000 to \$425,000 through March 2017, with an additional payment of \$2,435,000 due March 2022. The bonds pay interest at rates ranging from 3.75% to 5.00%, with PHEFA subsidizing the annual interest cost to the University for interest rates greater than 3.00%. The bonds are subject to sinking fund redemption beginning March 2018 and early redemption provisions, at the option of the University, beginning March 2011.

Lycoming County Authority College Revenue Bonds (issued for Penn College)

- Series 2008 – Lycoming County Authority College Revenue Bonds issued by Penn College in February 2008 for the purpose of funding various construction projects at the Penn College campus. Principal payments are due annually in amounts ranging from \$1,455,000 to \$4,140,000 through October 2037. The bonds pay interest at rates ranging from 3.50% to 5.50%.

- Series 2005 – Lycoming County Authority College Revenue Bonds issued by Penn College in February 2005 for the purpose of refunding \$7,765,000 of the Authority's College Bonds, Series of 1997, funding a deposit into the debt service reserve account, funding various construction and renovation projects and payment of costs of issuance of 2005 Bonds. Principal payments are due annually in amounts ranging from \$500,000 to \$1,855,000 through January 2025. The bonds pay interest at rates ranging from 3.00% to 5.00%.
- Series 2003 – Lycoming County Authority College Revenue Bonds issued by Penn College in February 2003 for the purpose of refunding \$17,385,000 of the Authority's College Revenue Bonds, Series of 1993 and the payment of costs of issuance of 2003 Bonds. Principal payment is due in the amount of \$3,315,000 in November 2008. The bonds pay interest at rates ranging from 4.00% to 4.625%.
- Series 2002 – Lycoming County Authority College Revenue Bonds issued by Penn College in May 2002 for the purpose of funding various construction projects at the Penn College campus. Principal payments are due annually in amounts ranging from \$350,000 to \$2,775,000 through May 2032. The bonds pay interest at rates ranging from 4.00% to 5.25%.
- Series 2000 – Lycoming County Authority College Revenue Bonds issued by Penn College in December 2000 for the purpose of funding various construction projects, refunding the 1996 Lycoming County Authority College Revenue Bonds, advance refunding \$4,235,000 of the 1997 Lycoming County Authority College Revenue Bonds (1997 Series Bonds), funding of a deposit to the debt service fund reserve account established under the indenture and payment of the costs of issuance of the Series 2000 Bonds. Principal payments are due annually in amounts ranging from \$30,000 to \$5,225,000 through July 2030. The bonds pay interest at rates ranging from 4.75% to 5.50%.
- Series 1997 – Lycoming County Authority College Revenue Bonds issued by Penn College in September 1997 for the purpose of funding various construction projects at the Penn College campus. Principal payments are due annually in amounts ranging from \$275,000 to \$5,010,000 through July 2018. The bonds pay interest at rates ranging from 4.90% to 5.25%. The 1997 Series Bonds were refunded by the 2000 Series Bonds at par amounting to \$4,235,000. These bonds were paid in full during 2008.
- Series 1993 – Lycoming County Authority College Revenue Bonds issued by Penn College in 1993 for the purpose of undertaking a series of capital improvement projects. Principal payments are due annually in amounts ranging from \$450,000 to \$1,302,000 through November 2015. The bonds pay interest at rates ranging from 6.00% to 6.15%.

Maturities and sinking fund requirements on bonds payable for each of the next five fiscal years and thereafter are summarized as follows:

<u>Year</u>	<u>Annual Installments</u>
2009	\$ 37,130,000
2010	35,460,000
2011	35,335,000
2012	27,630,000
2013	29,035,000
Thereafter	749,629,000

The fair value of the University's bonds payable is estimated based on current rates offered for similar issues with similar security, terms and maturities using available market information as supplied by the various financial institutions who act as trustees or custodians for the University. At June 30, 2008, the carrying value and estimated fair value of the University's bonds payable, including issuance premiums, are \$941,450,000 and \$934,952,000, respectively. At June 30, 2007, the carrying value and estimated fair value of the University's bonds payable, including issuance premiums, were \$853,443,000 and \$845,086,000, respectively. Certain bond issues have associated issuance premiums, these issuance premiums total \$27,231,000 and \$24,704,000 at June 30, 2008 and 2007, respectively and are presented within the statement of financial position as long-term debt. These issuance premiums will be amortized over the term of the respective outstanding bonds.

Note payable and capital leases

A \$10,000,000 demand note payable bearing interest at a variable rate (3.00% at June 30, 2008) is included in the current portion of long-term debt within the statements of financial position.

The University has certain lease agreements in effect which are considered capital leases that are included as long-term debt in the statements of financial position. These leases have been capitalized at the net present value of the minimum lease payments. The University has recorded fixed assets in the amount of \$82,870,000 and \$26,946,000 at June 30, 2008 and 2007, respectively, representing capitalized leases. Future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 2008 are as follows:

<u>Year</u>	
2009	\$ 8,378,000
2010	8,279,000
2011	8,210,000
2012	7,796,000
2013	6,905,000
Thereafter	<u>162,337,000</u>
Total minimum lease payments	201,905,000
Less imputed interest	<u>(130,493,000)</u>
Capital lease obligation	71,412,000
Current portion	<u>4,030,000</u>
Long-term portion	<u>\$ 67,382,000</u>

The University has entered into a Master Building Sublease with ADG - Hospital Drive Associates ("ADG-HDA"), a limited partnership (of which the University maintains a 75% interest, carried at \$1,489,000 and \$1,329,000 in investments at June 30, 2008 and 2007, respectively), which required ADG-HDA to construct the Centre Medical Sciences Building ("Building") and lease it to the University for an initial term of twenty-five years. The Building was constructed on land jointly owned by the University and Mount Nittany Medical Center, which has been leased by ADG-HDA for a term of sixty years. The University has subleased portions of the Building to the Mount Nittany Medical Center and other healthcare related entities.

During 2007, TMSHMC entered into a lease agreement for a facility currently under construction located on the Medical Center's campus. As a result of certain provisions contained within the lease and related agreements, the Medical Center accounted for the facility as an owned facility and therefore recognized non-cash construction costs incurred as of June 30, 2007 (included as construction in progress), together with a corresponding deferred lease obligation, as of June 30, 2007, in the amount of \$31,324,000. During 2008, TMSHMC capitalized additional costs related to the facility in the amount of \$17,276,000. In March 2008, the facility was opened and the deferred obligation in the amount of \$48,600,000 was reclassified to a capital lease obligation.

7. OPERATING LEASES

The University has certain lease agreements in effect which are considered operating leases. During the year ended June 30, 2008, the University recorded expenses of \$22,481,000 for leased equipment and \$15,619,000 for leased building space. During the year ended June 30, 2007, the University recorded expenses of \$23,570,000 for leased equipment and \$13,541,000 for leased building space.

Future minimum lease payments under operating leases as of June 30, 2008 are as follows:

<u>Year</u>	
2009	\$ 16,299,000
2010	12,801,000
2011	10,440,000
2012	7,798,000
2013	6,186,000
Thereafter	<u>40,705,000</u>
Total minimum lease payments	<u>\$ 94,229,000</u>

8. RETIREMENT BENEFITS

The University provides retirement benefits for substantially all regular employees, primarily through either contributory defined benefit plans administered by the Commonwealth of Pennsylvania State Employees' Retirement System and The Public School Employees' Retirement System or defined contribution plans administered by the Teachers Insurance and Annuity Association – College Retirement Equity Fund and Fidelity Investments. The University is billed for its share of the estimated actuarial cost of the defined benefit plans (\$10,614,000 and \$9,866,000 for the years ended June 30, 2008 and 2007, respectively). The University's total cost for retirement benefits, included in expenses, is \$99,263,000 and \$92,863,000 for the years ended June 30, 2008 and 2007, respectively.

9. POSTRETIREMENT BENEFITS

The University sponsors a retiree medical plan covering eligible retirees and eligible dependents. For the 2008 benefit plan year, this program includes a Preferred Provider Organization ("PPO") plan for retirees and their dependents who are not eligible for Medicare, a Medicare Advantage Private Fee For Service ("PFFS") plan and a Medicare Supplement plan. In addition, the University provides retiree life insurance benefits of \$5,000 at no cost to the retiree. A limited number of retirees have \$10,000 of life insurance coverage; \$5,000 of which is provided by the University and \$5,000 is paid by the retiree.

Retirees are eligible for medical coverage and life insurance after they retire if:

- they are at least age 60 and have at least 15 years of regular full-time employment and participation in a University-sponsored medical plan immediately preceding the retirement date

OR

- regardless of age, if they have at least 25 years of regular full-time service. The last 10 of those 25 years of University service must be continuous and they must participate in a University - sponsored medical plan during the last 10 years immediately preceding the retirement date.

The retiree PPO medical plan and the \$5,000 life insurance coverage are self-funded programs, and all medical claims, death benefits and other expenses are paid from the unrestricted net assets of the University. The PFFS plan and the Medicare Supplement plan are fully insured. The retirees pay varying amounts for coverage under the medical plan. As of January 1, 2008, the monthly amounts ranged from \$10 to \$221 depending on age and dependent coverage options selected.

Effective June 30, 2007, the University adopted SFAS No. 158, *Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans* – an amendment of SFAS No's. 87, 88, 106 and 132(R) ("SFAS No. 158"). The new standard requires that the funded status of the plan be fully recognized as a net asset or liability within the statements of financial position. Additionally, SFAS No. 158 requires an employer to measure the funded status of the plan as of the date of the fiscal year-end statement of financial position. The University has historically measured and continues to measure the funded status of the plan as of June 30.

The incremental effect of adopting the provision of SFAS No. 158 on the University's statement of financial position at June 30, 2007 is as follows:

	<u>Prior to Adoption</u>	<u>Effect of Adoption</u>	<u>As Reported</u>
Accrued postretirement benefits	\$ 730,961,000	\$ 103,601,000	\$ 834,562,000
Unrestricted net assets	\$ 3,081,651,000	\$ (103,601,000)	\$ 2,978,050,000

Included in unrestricted net assets at June 30, 2008 and 2007 are the following amounts that have not yet been recognized in net periodic postretirement cost: unrecognized prior service cost (benefit) of (\$194,389,000) and (\$216,018,000) and unrecognized actuarial loss of \$334,646,000 and \$319,619,000, respectively.

The following sets forth the plan's benefit obligation, plan assets and funded status reconciled with the amounts recognized in the University's consolidated statements of financial position at June 30:

Change in benefit obligation:

	<u>2008</u>	<u>2007</u>
Benefit obligation at beginning of year	\$ 834,562,000	\$ 822,552,000
Service cost	32,882,000	29,693,000
Interest cost	53,390,000	48,168,000
Actuarial loss	32,793,000	72,109,000
Benefits paid	(29,290,000)	(29,081,000)
Plan amendment	-	(178,478,000)
Plan assumptions	-	69,599,000
Benefit obligation at end of year	<u>\$ 924,337,000</u>	<u>\$ 834,562,000</u>

Change in plan assets:

	<u>2008</u>	<u>2007</u>
Fair value of plan assets at beginning of year	\$ -	\$ -
Employer contributions	29,290,000	29,081,000
Benefits paid	(29,290,000)	(29,081,000)
Fair value of plan assets at end of year	<u>\$ -</u>	<u>\$ -</u>
Funded status	\$ (924,337,000)	\$ (834,562,000)
Unrecognized prior service cost (benefit)	-	-
Unrecognized net actuarial loss	-	-
Accrued postretirement benefit expense	<u>\$ (924,337,000)</u>	<u>\$ (834,562,000)</u>

Net periodic postretirement cost includes the following components for the years ended June 30:

	<u>2008</u>	<u>2007</u>
Service cost	\$ 32,882,000	\$ 29,693,000
Interest cost	53,390,000	48,168,000
Amortization of prior service cost	(21,629,000)	(21,629,000)
Amortization of unrecognized net loss	17,766,000	16,863,000
Net periodic postretirement cost	<u>\$ 82,409,000</u>	<u>\$ 73,095,000</u>

The assumed healthcare cost trend rate used in measuring the accumulated postretirement benefit obligation was 9.00% and 9.50% for the 2007-2008 and 2006-2007 plan years, respectively, reduced by 0.50% per year to a fixed level of 5.00%. The weighted average postretirement benefit obligation discount rate was 6.25% for each of the years ended June 30, 2008 and 2007, respectively.

If the healthcare cost trend rate assumptions were increased by 1% in each year, the accumulated postretirement benefit obligation would be increased by \$160,053,000 and \$145,204,000 as of June 30, 2008 and 2007, respectively. The effect of this change on the sum of the service cost and interest cost components of the net periodic postretirement benefit cost would be an increase of \$17,898,000 and \$16,311,000 as of June 30, 2008 and 2007, respectively. If the healthcare cost trend rate assumptions were decreased by 1% in each year, the accumulated postretirement benefit obligation would be decreased by \$127,972,000 and \$115,930,000 as of June 30, 2008 and 2007, respectively. The effect of this change on the sum of the service cost and interest cost components of the net periodic postretirement benefit cost would be a decrease of \$13,958,000 and \$12,664,000 as of June 30, 2008 and 2007, respectively.

The postretirement benefits expected to be paid in each year for 2009–2013 are \$34,045,000, \$36,427,000, \$38,902,000, \$41,391,000 and \$43,614,000, respectively. The benefits expected to be paid in the five years from 2014–2018 are \$259,031,000.

Gains and losses in excess of 10% of the accumulated postretirement benefit obligation are amortized over the average future service to assumed retirement of active participants.

10. THE MILTON S. HERSHEY MEDICAL CENTER

The University's wholly-owned subsidiary, TMSHMC, owns the assets of the clinical enterprise of the Hershey Medical Center complex. The University owns the Hershey Medical Center complex, including all buildings and land occupied by the University Hospital and operates the College of Medicine. The clinical facilities of the Hershey Medical Center complex are leased to TMSHMC and TMSHMC makes certain payments to support the College of Medicine.

11. CONTINGENCIES AND COMMITMENTS

Contractual Obligations

The University has contractual obligations for the construction of new buildings and for additions to existing buildings in the amount of \$427,549,000 of which \$311,370,000 has been paid or accrued as of June 30, 2008. The contract costs are being financed from available resources and from borrowings.

Under the terms of certain limited partnership agreements, the University is obligated to periodically advance additional funding for private equity and real estate investments. The University has unfunded commitments of approximately \$280,520,000 as of June 30, 2008 for which capital calls have not been exercised. Such commitments generally have fixed expiration dates or other termination clauses. The University maintains sufficient liquidity in its investment portfolio in the event that such calls are exercised.

Letters of Credit

The University has outstanding letters of credit in the amount of \$15,404,000 and \$17,328,000 as of June 30, 2008 and 2007, respectively. These letters of credit are used primarily to comply with minimum state and federal regulatory laws that govern various University activities. The fair value of these letters of credit approximates contract values based on the nature of the fee arrangements with the issuing banks.

Self-Insurance

The University has a coordinated program of commercial and self-insurance for medical malpractice claims at TMSHMC through the use of a qualified trust and a domestic captive insurance company in combination with a self-insured retention layer and is supplementing this program through participation in the Pennsylvania Medical Care Availability and Reduction of Error Fund ("Mcare Fund"), formerly the Pennsylvania Medical Professional Liability Catastrophe Loss Fund ("CAT Fund"), in accordance with Pennsylvania law. An estimate of the present value, discounted at 4%, of the medical malpractice claims liability in the amount of \$74,234,000 and \$72,877,000 is recorded as of June 30, 2008 and 2007, respectively.

On July 1, 2003, TMSHMC became self-insured for all medical malpractice claims asserted on or after July 1, 2003, for all amounts that are below the coverage of the TMSHMC's excess insurance policies and not included in the insurance coverage of the Mcare Fund. Under the self-insurance program, TMSHMC is required to maintain a malpractice trust fund in an amount at least equal to the expected loss of known claims. The balance of this trust fund was \$24,648,000 and \$16,399,000 at June 30, 2008 and 2007, respectively. TMSHMC intends to fund any claims due during the next year from cash flows from operations.

With approval from the Pennsylvania Department of Labor and Industry ("PA-DLI"), the University elected to self-insure potential obligations applicable to workers' compensation. Certain claims under the program are contractually administered by a private agency. The University purchased insurance coverage for excess obligations over \$600,000 per incident. An estimate of the self-insured workers' compensation claims liability in the amount of \$11,081,000 and \$9,662,000 is recorded as of June 30, 2008 and 2007, respectively. The University has established a trust fund, in the amount of \$11,001,000 and \$9,955,000 at June 30, 2008 and 2007, respectively, as required by PA-DLI, to provide for the payment of claims under this self-insurance program. TMSHMC is self-insured for workers' compensation claims and has purchased an excess policy through a commercial insurer which covers individual claims in excess of \$500,000 per incident for workers' compensation claims.

The University and TMSHMC are self-insured for certain health care benefits provided to employees. The University and TMSHMC have purchased excess policies which cover employee health benefit claims in excess of \$500,000 and \$300,000 per employee per year, respectively. The University and TMSHMC provide for reported claims and claims incurred but not reported.

Litigation and Contingencies

Various legal proceedings have arisen in the course of conducting University business. The outcome of such litigation is not expected to have a material effect on the financial position of the University.

Based on its operation of the University Hospital (see Note 10), the University, like the healthcare industry, is subject to numerous laws and regulations of federal, state and local governments. Compliance with these laws and regulations can be subject to government review and interpretation, as well as regulatory actions. Recently, government reviews of healthcare providers for compliance with regulations have increased. Although the University believes it has done its best to comply with these numerous regulations, such government reviews could result in significant repayments of previously billed and collected revenues from patient services.

12. SUBSEQUENT EVENT

On September 29, 2008, the University was notified that Wachovia Bank N.A., as Trustee (the "Trustee") of the Common Fund for Short Term Investments (the "Fund") was initiating the process of terminating the Fund. As part of this termination plan the Trustee has established procedures for an orderly liquidation and distribution of the assets of the Fund to all participants. Liquidity in the Fund was restricted based upon each participant's account value as of the close of business on September 26, 2008. The University's holdings in the Fund as of September 26, 2008 were \$465,335,000. As of September 30, 2008, the University has received 10% of the account value and fully anticipates that approximately 50% will be available for withdrawal by October 31, 2008. It is expected that 60% of the Fund will be available by December 31, 2008, 74% by September 30, 2009 and the balance of 26% thereafter. As a result, at June 30, 2008, the University designated \$298,037,000 as short-term investments within the consolidated statements of financial position based on the estimate of the timing of the liquidation of the Fund. The University's investment in the Fund at June 30, 2007 of \$236,297,000 was reclassified from cash and cash equivalents to short-term investments to conform with the 2008 presentation. The University has evaluated the impact of this termination plan and the availability of funds and has determined that the plan does not have a material impact on the University's financial statements or overall liquidity.

THE PENNSYLVANIA STATE UNIVERSITY

BOARD OF TRUSTEES

as of September 30, 2008

APPOINTED BY THE GOVERNOR	MEMBERS EX OFFICIO	ELECTED BY BOARD REPRESENTING BUSINESS AND INDUSTRY

The Pennsylvania State University is committed to the policy that all persons shall have equal access to programs, facilities, admission, and employment without regard to personal characteristics not related to ability, performance, or qualifications as determined by University policy or by state or federal authorities. The Pennsylvania State University does not discriminate against any person because of age, ancestry, color, disability or handicap, national origin, race, religious creed, sex, sexual orientation, gender identity, or veteran status. Direct all inquiries regarding the nondiscrimination policy to the Affirmative Action Director, The Pennsylvania State University, 328 Boucke Building, University Park PA 16802-6901; tel. (814) 863-0471.

I hereby certify that at a meeting of the Board of Trustees of The Pennsylvania State University, a corporation organized and existing under and by virtue of the laws of the State of Pennsylvania, held on July 12, 2002, at which said meeting a quorum was present and acting throughout, the following Resolution was adopted and ever since has been and is in full force and effect:

The resolutions authorizing certain University officers to sign on behalf of the corporation require revision in order to update authority and designated signers.

RESOLVED, That the President, Vice President, Secretary, Treasurer, Assistant Treasurer, Senior Vice President for Finance and Business, and Corporate Controller of this Corporation, or any one of such officers be and they are hereby fully authorized and empowered on behalf of the Corporation to execute and acknowledge all deeds, agreements and contracts, and to transfer and endorse, sell, assign, set over and deliver any and all shares of stock, bonds, debentures, notes, evidences of indebtedness or other securities now or hereafter standing in the name of or owned by this Corporation, and to make, execute, acknowledge, and deliver, under the corporate seal of this Corporation, any and all written instruments necessary or proper to effectuate the authority hereby conferred.

FURTHER BE IT RESOLVED, That the Treasurer, or in the absence of the Treasurer, the Senior Vice President for Finance and Business, may delegate in writing to such employees of the Corporation as they may deem appropriate, the authority to execute and acknowledge on behalf of the University standardized agreements and contracts for which those employees have administrative responsibility.

FURTHER BE IT RESOLVED, That the Executive Director, Office of Investment Management, or in his absence, the Chief Investment Officer, is hereby fully authorized and empowered on behalf of the Corporation to transfer and endorse, sell, assign, set over and deliver any and all shares of stock, bonds, debentures, notes or other securities now or hereafter standing in the name of or owned by this Corporation, and to make, execute, acknowledge, and deliver, under the corporate seal of this Corporation, any and all written instruments necessary or proper to effectuate the authority hereby conferred.

FURTHER BE IT RESOLVED, That the Associate Vice President for Finance and Business and Controller, or, in his absence, the Associate Controller, be and they are hereby fully authorized and empowered on behalf of the Corporation to execute and acknowledge all agreements and contracts related to the affairs of the College of Medicine.

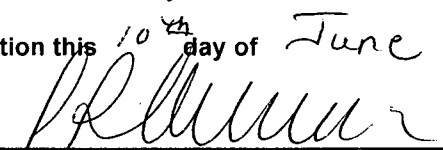

FURTHER BE IT RESOLVED, That the Associate Secretary and Assistant Secretary of this Corporation, or any one of such officers be and they are hereby fully authorized and empowered on behalf of the Corporation to make, execute, acknowledge, and deliver, under the corporate seal of this Corporation, and all written instruments necessary or proper to effectuate the authority hereby conferred.

I further certify that the authority hereby conferred is not inconsistent with the Charter or By-Laws of this Corporation and that the following is a true and correct list of the officers as authorized by existing Resolutions of the Board of Trustees in full force and effect as of the present date:

President	James S. Broadhurst
Vice President	Steve A. Garban
Secretary	Graham B. Spanier
Associate Secretary	Paula R. Ammerman
Assistant Secretary	Carolyn A. Dolbin
Assistant Secretary	Kimberly J. Belcher
Assistant Secretary	Wendy L. Peck
Treasurer	Gary C. Schultz
Assistant Treasurer	Albert G. Horvath
Assistant Treasurer	Deborah M. Meder
Assistant Treasurer	Susan J. Wiedemer
Corporate Controller	Joseph J. Doncsecz
Associate Vice President for Finance and Business and Controller	Wayne W. Zolko
Associate Controller	Vincent A. Falvo
Executive Director, Office of Investment Management	David E. Branigan
Chief Investment Officer	John C. Pomeroy, Jr.

In-witness whereof, I have hereunto set my hand and seal of said Corporation this 10th day of June 2009.
